

Writing

Narrative

- Write stories set in places pupils have been.
- Write stories with imaginary settings.
- Write stories and plays that use the language of fairy tales and traditional tales.
- Write stories that mimic significant authors.
- Write narrative diaries.

Non-fiction

- Write captions.
- Write instructions.
- Write recounts.
- Write glossaries.
- Present information.
- Write non-chronological reports.

Poetry

- Write poems that use pattern, rhyme and description.
- Write nonsense and humorous poems and limericks.

Reading

- Listen to a range of texts.
- Learn some poems by heart.
- Become familiar with a wide range of texts of different lengths.
- Discuss books.
- Build up a repertoire of poems to recite.
- Use the class and school libraries.
- Listen to short novels over time.

Communication

- Engage in meaningful discussions in all areas of the curriculum.
- Listen to and learn a wide range of subject specific vocabulary.
- Through reading identify vocabulary that enriches and enlivens stories.
- Speak to small and larger audiences at frequent intervals.
- Practise and rehearse sentences and stories, gaining feedback on the overall effect and the use of standard English.
- Debate issues and formulate well-constructed points.

Mathematics

- Count and calculate in a range of practical contexts.
- Use and apply mathematics in everyday activities and across the curriculum.
- Repeat key concepts in many different practical ways to secure retention.
- Explore numbers and place value up to at least 100.
- Add and subtract using mental and formal written methods in practical contexts.
- Multiply and divide using mental and formal written methods in practical contexts.
- Explore the properties of shapes.
- Use language to describe position, direction and movement.
- Use and apply in practical contexts a range of measures, including time.
- Handle data in practical contexts.

Science

Biology

- Animals and humans**
- Identify, classify and observe.
- Look at growth, basic needs, exercise, food and hygiene.

All living things

- Investigate differences.

Chemistry

Materials

- Identify, name, describe, classify, compare properties and changes.
- Look at the practical uses of everyday materials.

Physics

Earth and space

- Observe seasonal changes.

Working Scientifically

- Across all year groups scientific knowledge and skills should be learned by working scientifically. (This is documented in the Essentials for progress section.)

Physics

Electricity

- Look at appliances and circuits.

Art & Design

- Use experiences and ideas as the inspiration for artwork.
- Share ideas using drawing, painting and sculpture.
- Explore a variety of techniques.
- Learn about the work of a range of artists, artisans and designers.

Computing

- Understand what algorithms are, how they are implemented as programs on digital devices, and that programs execute by following a sequence of instructions.
- Write and test simple programs.
- Use logical reasoning to predict the behaviour of simple programs.
- Organise, store, manipulate and retrieve data in a range of digital formats.
- Communicate safely and respectfully online, keeping personal information private and recognise common uses of information technology beyond school.

Design & Technology

Design

- Design purposeful, functional, appealing products for themselves and other users based on design criteria.
- Generate, develop, model and communicate their ideas through talking, drawing, templates, mock-ups and, where appropriate, information and communication technology.

Make

- Select from and use a range of tools and equipment to perform practical tasks such as cutting, shaping, joining and finishing.
- Select from and use a wide range of materials and components, including construction materials, textiles and ingredients, according to their characteristics.

Evaluate

- Explore and evaluate a range of existing products.
- Evaluate their ideas and products against design criteria.

Cooking and nutrition

- Use the basic principles of a healthy and varied diet to prepare dishes.

Understand where food comes from.

Geography

Investigate the world's continents and oceans.

Compare and contrast a small area of the United Kingdom with that of a non-European country.

Explore weather and climate in the United Kingdom and around the world.

Use basic geographical vocabulary to refer to and describe key physical and human features of locations.

Use world maps, atlases and globes.

Use simple compass directions.

Use aerial photographs.

Use fieldwork and observational skills.

History

The lives of significant individuals in Britain's past who have contributed to our nation's achievements – scientists such as Isaac Newton or Michael Faraday, reformers such as Elizabeth Fry or William Wilberforce, medical pioneers such as William Harvey or Florence Nightingale, or creative geniuses such as Isambard Kingdom Brunel or Christina Rossetti.

Key events in the past that are significant nationally and globally, particularly those that coincide with festivals or other events that are commemorated throughout the year.

Music

Use their voices expressively by singing songs and speaking chants and rhymes.

Play tuned and untuned instruments musically.

Listen with concentration and understanding to a range of high-quality live and recorded music.

Make and combine sounds using the inter-related dimensions of music.

Personal Development

Discuss and learn techniques to improve in the eight areas of success.

Study role models who have achieved success.

Physical Education

Participate in team games, developing simple tactics for attacking and defending.

Perform dances using simple movement patterns.

Religious Education

Study the main stories of Christianity.

Study at least one other religion. Choose from Buddhism, Hinduism, Islam, Judaism or Sikhism.

Study other religions of interest to pupils.

Additional Content

Computing

Follow the Millbrook Computing Curriculum Map 2019–2020. This has been specifically written for Millbrook using the Knowsley Computing Schemes of Work 2019. Please ask our Computing lead Mrs Whiley for any specific resources and guidance linked to this scheme.

School Mathematics

Count in 2,5 and 10. Recall and use doubles of all number to 10 and corresponding halves.

Recall and use multiplication and division facts for the 2, 5 and 10 multiplication tables, including recognising odd and even numbers

School History

Children to regularly visit the timeline in the hall and develop a sense of chronology regards what they are currently studying.

Children ask questions such as: What was it like for people? What happened at this time? How long ago?

School Geography

Use aerial photographs and plan perspectives of the school and local area.

Children ask geographical questions, such as, What is a place like? What will I see, feel, hear in this place?

Personal Development

Discuss and learn techniques to use in the 8 areas of success.

- 1. To try new things
- 2. To work hard
- 3. To concentrate
- 4. To push oneself
- 5. To imagine
- 6. To improve
- 7. To understand others
- 8. To not give up

Subject Topic Maps
