Attendance
Well done to Class 11 who had the highest attendance for the week before half term with 96.8%. Class 3 were last week's winners with 96.9% for last week. The overall attendance was 94%. Well done to Isabelle Judge-Doyle who won our infant draw and Annie Mae Brown who won the junior draw for our 100% weekly attendance £10 voucher.

Mrs Williams – Deputy Headteacher

Mrs Williams will be away from the school over the next two weeks as she has been called for jury service. All her lessons will be covered and we look forward to seeing her back in December.

Dear Parents,

Next week Key Stage 2 visit the cinema to see the film *Horrible Histories*. This has proven a successful trip in the past. The cost of the coach is £7 per child. Thank you to all parents who have paid school fund regularly to enable us to plan these visits. Year 5 start their bike safety awareness course and will need to bring a bike to school as well as a change of clothing. We are proud of the many exciting opportunities we have in school.

Over the next few weeks, we are working on developing children's resilience. Class 11 have a wonderful idea, inspired by one for the pupils - a race track has been placed on the wall in the classroom with every child's photo in the middle. Children who show resilience in school can move along the race track towards the finish line - who will be first?

Dedicate a Roof Tile – St Chad's Church

As part of the restoration of the Nave roof, St Chad's are offering the chance to dedicate a roof tile to be placed on the roof. For £5, they will add any name or inscription that you would like to the underside of the tile in permanent ink before it goes on the roof. Ridge tiles are also available for £50. The tiles will be on the roof for at least 150 years. Tiles and forms are available in St Chad's.

Autumn Maths Tips

Telling the time is an important skill in everyday life, but it can be tricky to learn. Before your child will be able to tell the time on a clock they will need to grasp how time relates to their own experiences. You can start to increase their awareness of time from a young age- here are some fun ideas:

- use a timer for baking
- play a board game with a sand timer
- use a stop watch to time a race or challenge
- put a clock in your child's bedroom (Christmas present!)
- talk about what you regularly do at different times in the day
- let your child remind you that it's time to do something!
