Parent Review – School Cloud
Next week we have our first online parent review. Please be patient with the system and the internet. We hope it all goes well for you all and you receive good reports about your child/children.

Attendance
Well done to Class 3 who achieved a fantastic attendance of 98.6% for last week. Overall whole school attendance was 95.4% and has been on an increase over a four-week period. Let's hope we can build upon this during the Summer term.

Dear Parents,

We are very pleased to welcome Colleen McGarvey as our new Parent Governor after the recent letter and deadline for nominations. Colleen can start immediately and will join our first meeting on 19th May. It is fantastic to have a full governing body to support the leadership of the school and provide strategic direction.

Once again thank you to all parents who have responded to our letters about consistent PE kits. The children look very smart in their red polo shirts, school jumpers and black bottoms. Standards of uniform set the mood for behaviour and encourage pupils to always demonstrate good attitudes which in turn help with effective learning. May I remind you that all shoes should be black other coloured shoes and sandals are not permitted.

Mrs Williams and I have conducted learning walks over the past two weeks and have both commented on the excellent behaviour for learning in our classrooms. Children are working extremely hard and producing some lovely work. We are very proud.

Over half term you will be delighted to hear that the car park is to be resurfaced. It has become old and broken up and we were fortunate to find some funding for this.

Happy Birthday

Happy birthday to the following pupils who are celebrating their birthday between 8th May and 16th May

Class 2 - Louis and Archie
Class 3 – Bella
Class 7 – Alfie and Sienna

Kirkby Boys

Once again Kirkby Boys showed their skill by beating Manchester School Boys 7 -5. This is a great achievement as Manchester is much bigger than Kirkby. We are proud of all our pupils who have represented Kirkby Boys. Liam Balmer and Harry Daulby scored, whilst Thomas Bowman was Man of the Match for goalkeeping. Other pupils who represented our school were Lewis Gordon, Jacob Fisher and Ethan Lundon. It is great to see six of our pupils on their books. This is a rare occurrence and testament to the pupil's hard work and natural talent. They also played a mini tournament with Liverpool School boys and played well, improving on previous years. We look forward to hearing of other great results.

'We Girls Can' – Female Empowerment

Through our work with Liverpool Foundation, we are offering an eight-week programme all about empowering girls and improving sporting opportunities for our girls of the future. An LFC female Ladies coach will work with girls in Class 10 and 11 and they will also get special messages from the LFC Ladies team who will be monitoring their progress. This is a great opportunity, and we hope many girls join in. It is clear recently that women's sport and sports personalities has been promoted more readily on the media and we hope to build on this. It starts on Monday 17th May and runs from 3:15 – 4:15pm.
