

## Timetable for Science Workshops Friday 16<sup>th</sup> June

<b>Time</b>	<b>Class</b>	<b>Venue</b>
9:00-9:20	ALL: ASSEMBLY	Hall
9:40-10	ELM	Classroom
10-10:20	PINE	Classroom
10:40-11:10	CEDAR and WILLOW	Hall or Cedar
11:10-11:40	CHERRY	Classroom
11:40-12:10	MAPLE	Classroom
1:00-1:30	HOLLY	Classroom
1:30-2:00	HAZEL	Classroom
2:00-2:30	CHESTNUT	Classroom
2:30-3:00	SYCAMORE	Classroom

I'll start off with an assembly (20 to 30 mins at the most) for the entire school and do the following sessions with the children:

- Reception children: making ice-cream with them (20 mins maximum). I'll buy the cream and milk and if the school can provide spoons that will be nice.
- Year one-to-three children: making plant-based drinks with them with common herbs with a refreshing taste that are of good benefit to healthy bodies and minds. I'll bring everything but if we can use cups from the canteen to serve that would be nice (30 mins needed).
- Year four-to-six children: making plant-based bathing and showering products for the children to take home for a family member and highlighting how plants can be of benefit for us mentally and physically and used to treat ailments. I'll bring everything we will need in class (30 mins needed).
