

Mini-beasts

My Computing Journal

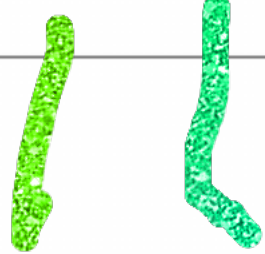

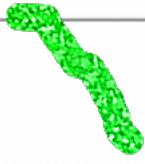

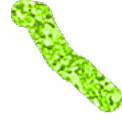

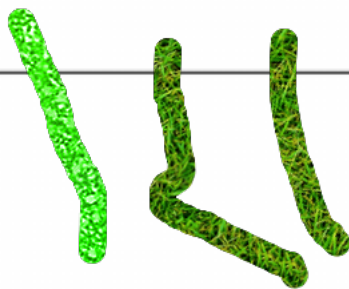

Name:

j o h n

Can you sort the mini-beast to the correct label?

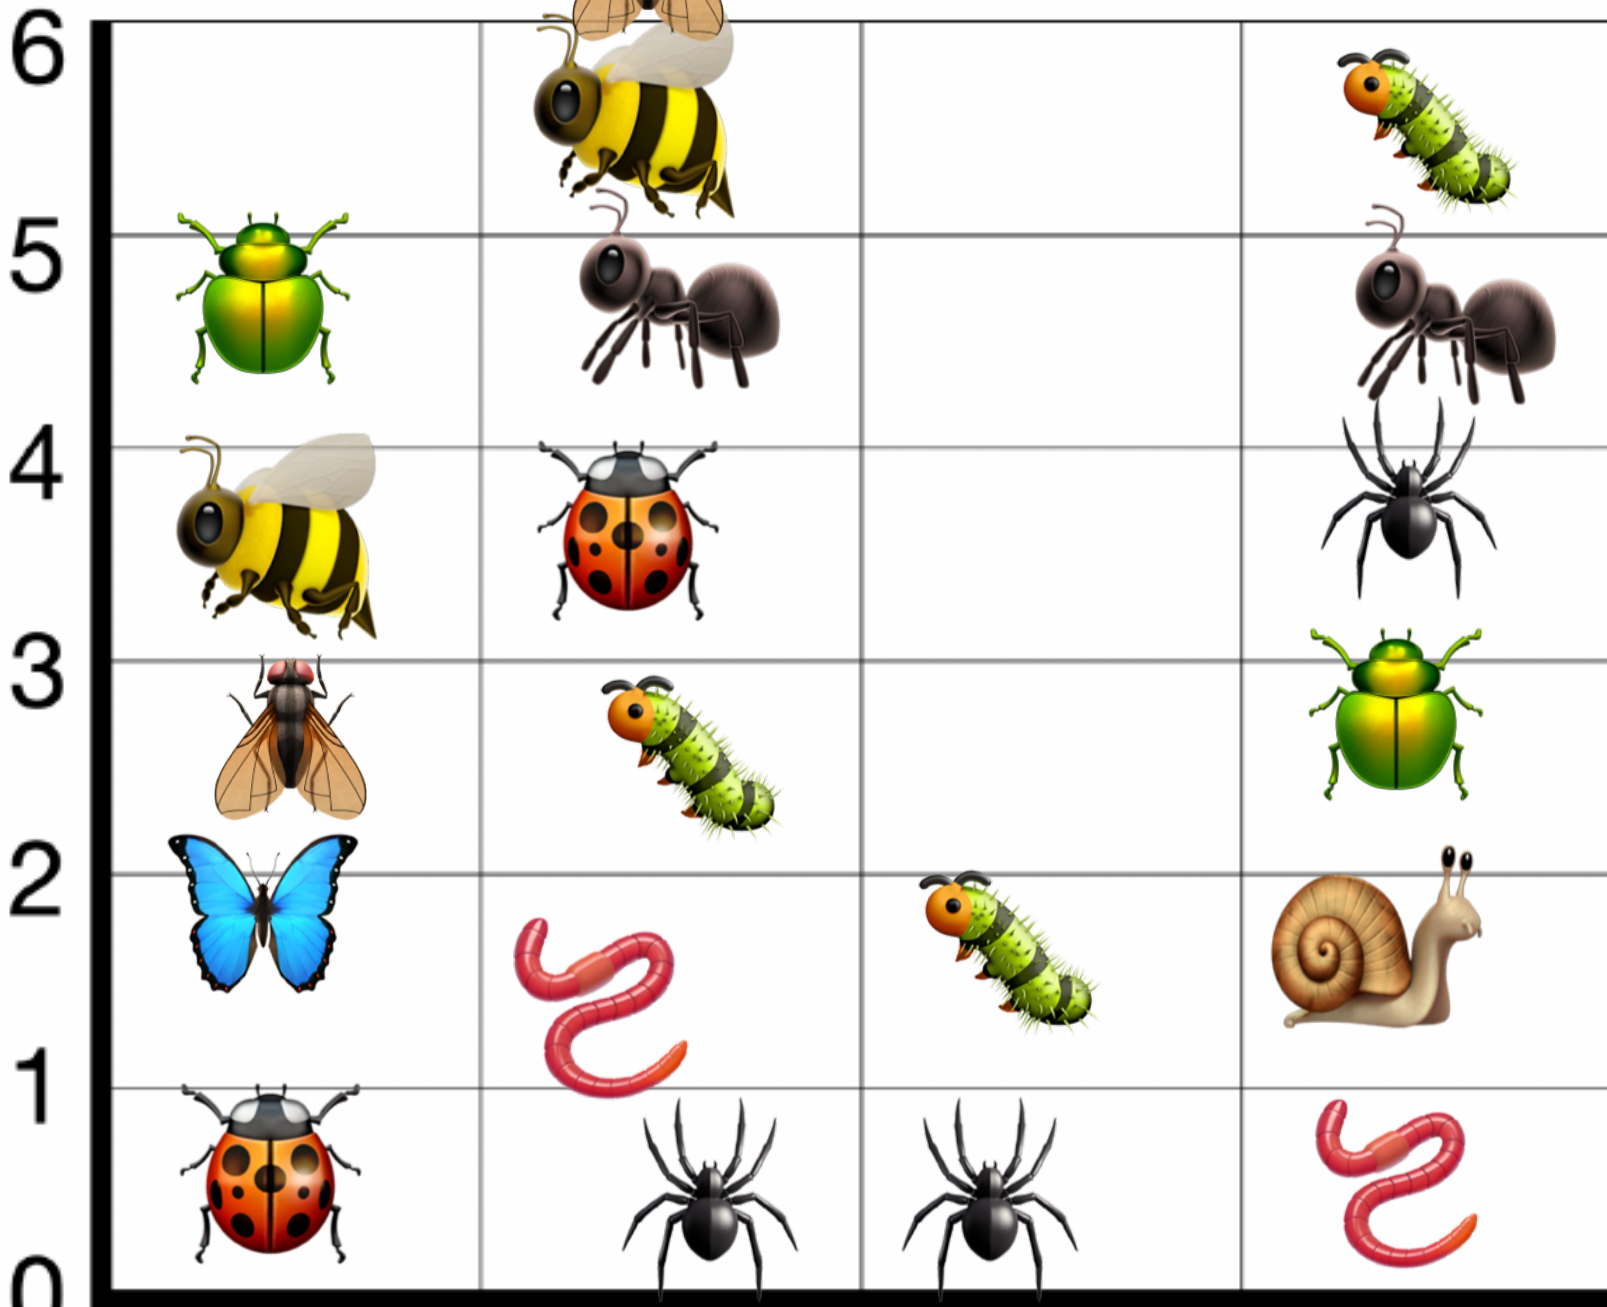

Let's create a tally chart, to record the mini-beast data.

How many did you spot? Write the number in the box.

Let's make a pictogram. Sort your mini-beasts into their categories:

Does it fly?

Has it got six or less legs?

Has it got more than 6 legs?

Does it live underground?

MY FICTIONAL MINI-BEAST FACT FILE

Name:

Slidert

Body:

fluffy

Legs:

50

Special features:

Pier teeth
